

City of Beaverton - Notice of Public Hearing - Water System Rate Increases

Notice is hereby given that a public meeting will be held before the City of Beaverton City Council in the Council Chambers, located at 4755 SW Griffith Drive, Beaverton, Oregon on Tuesday June 18, 2013 at 6:30 p.m. on the following:

Review and adoption of a 3.7% increase in the Water Consumption Rate beginning July 1, 2013. The consumption rate will increase by 10 cents from the current \$2.67 per CCF to \$2.77 per CCF (a CCF is 100 cubic feet of water which is equivalent to 748 gallons). The effect of the increase on single-family residence that uses 8 CCF of water per month would be \$0.80 a month or \$9.60 per year.

Review and adoption of a 10% increase in the Water Base (Meter) Charge beginning July 1, 2013. The Water Base rate for the average 3/4 or 5/8 inch residential meter will increase by \$1.00 per month from the current \$10.00 per month to \$11.00 per month, which is equivalent to an increase of \$12.00 per year.

The revenues from the rate increase will be used for the water line replacement program, which is replacing and upgrading water lines in older areas of Beaverton. The City Council invites testimony from interested citizens on this matter. Public Hearings are conducted in accordance with adopted procedures for these meetings.

Dated this 3rd of June 2013
Patrick O'Claire, Finance Director
City of Beaverton
